LEAD

"Huron is committed to developing highly educated students who choose to act ethically at all times. We achieve this by combining the highest academic standards in the country with an institution-wide focus on becoming Leaders with Heart. What goes on in the classroom is connected with the mentorship and experiential learning opportunities provided to every Huron student. We want our students to be successful in their chosen fields, but we also want them to be engaged and empathetic citizens, committed to making the world better."

WE HAVE PROVEN THERE IS

POWER & APPEAL IN THE LIBERAL ARTS

A Liberal Arts education allows you to explore a wide breadth of subjects that will contribute to all aspects of your personal and professional life.

The courses you can take during your time at Huron will not only enhance your problem-solving abilities, but they will encourage you to turn problems - and your preconceived notions - on their heads. You will learn how to redefine questions that directly and deeply affect humanity, positioning yourself for a lifetime of ethically-based leadership.

Huron has one of the highest entering admission averages amongst the most elite institutions in Canada.

The increasing competitiveness of our application process is a reflection of the fact your generation is eagerly seeking the type of education that will enable them to become the type of leaders our world is in demand of.

WHEN YOU ASK OUR STUDENTS WHAT MAKES

HURON SPECIAL

THEY HAVE A LOT TO SAY ABOUT OUR DETERMINATION TO REMAIN SELECTIVE

After nearly 160 years of rich peer-to-peer discussions, one-on-one faculty mentorships and the ability to give our students remarkable access to resources, we know remaining strategically small is one of Huron's biggest advantages.

GET ALL THE BENEFITS OF A SUPPORTIVE, CLOSE-KNIT CAMPUS PLUS ALL THE AMENITIES OF ONE OF CANADA'S LARGEST INSTITUTIONS.

Luckily for our students, Huron is the founding institution of Western University. Our affiliation with one of the largest research universities in Canada means you will be fully visible and supported at Huron while also having Western's limitless clubs, courses and events right next door.

At other universities, it's not uncommon to have HUNDREDS OF STUDENTS IN A SINGLE CLASS - and for teaching assistants, not professors, to be in charge of your education. At Huron, you will have a much more personalized learning experience:

BY DELIVERING AN UNMATCHED LEVEL OF SUPPORT, WE HELP CREATE LEADERS WHO STAND OUT.

- At Huron, your voice will be heard – by your classmates, professors, personal advisors – and even our President (whose office door is always open).
- Our small class sizes mean you're not here to blend in. Through challenging yet supportive conversations, you will develop the confidence to speak up and motivate others.
- Our Academic Advisors and Career Development Team will know you personally. From day one, they will work with you to build a portfolio that represents who you are and what you contribute to our community. Just think about them as your go-to team for wowing graduate schools and future employers.
- Every single student is guaranteed a paid internship. These hands-on working experiences will prepare you to land a career you're really passionate about, while supporting your financial flexibility.
- Take advantage of our formalized Mentorship Program with senior students and impressive industry leaders who are eager to help move your career forward.
- We partner with Harvard and the Ivey School of Business, so you can work towards running a business that achieves profitability with integrity.

HURON IS THE ONLY UNIVERSITY IN ONTARIO TO COLLABORATE WITH HARVARD BUSINESS SCHOOL ONLINE

HARVARD BUSINESS SCHOOL

Harvard faculty members developed CORe to instill a deep understanding of essential business concepts and problem-solving skills. Mastering the three courses—Business Analytics, Economics for Managers and Financial Accounting—gives students the fluency they need to succeed in today's workplaces.

Huron partnered with Harvard, so our students can complement their Liberal Arts Degrees with the business acumen they need to lead global enterprises.

Tarak Mistry chose to complete the CORe program because he wanted to develop his understanding of business best practices.

"The CORe Program taught me how my education applies directly to the real world," Tarak says. "Over time, I became more readily able to recognize how these concepts can be implemented to address companies' multifaceted challenges."

Harvard Business School's discussion-based courses also enable you to connect with international business executives you may have otherwise never met.

"I spoke with people who are currently working in the industry I am most interested in. Now, I have access to their knowledge and – more importantly – their global networks," Tarak explains. "This program is challenging, but it's definitely worth it. No matter what career path you're pursuing, this foundational business knowledge will be beneficial - and looks great on a resume!"

WESTERN UNIVERSITY · CANADA

The Richard Ivey School of Business is renowned for graduating some of the world's most highly-regarded leaders - with more than half of all Ivey alumni holding the title of Chair, President, C-Suite, Vice-President, Managing Director or Partner.

By combining your Liberal Arts degree with an Honors Business Administration (HBA) from Ivey, you will distinguish yourself as a formidable businessperson who knows how to balance empathy with effectiveness.

"Thanks to Huron's bespoke university experiences, you learn how to express your opinion with diverse personalities," Elliot shares. "This carries directly over to Ivey where you're frequently working in groups. Many students haven't had the luxury of that experience, so it's much more intimidating, but as a Huron student, you're already an expert at it."

The skills Elliot developed within our classrooms also influenced his success on the popular television series "Dragon's Den" where, thanks to the power of his pitch, three dragons offered to invest in his product, C-Spray.

"You can't keep to yourself when you're trying to create something special," he explains. "At Huron, if you're ambitious, people are happy to help you: I'll never forget when I emailed Professor Sweeney, in the middle of summer, to ask a critical question about C-Spray and she chatted with me, for over an hour, just like we were colleagues – it was so validating."

If you are interested in pursuing a prestigious business career, get the competitive edge of combining your technical skills with a worldly Liberal Arts perspective.

PROFESSORS WHO ARE PERSONALLY INVESTED

IN YOUR GOALS WILL BE YOUR MENTORS AND REFERENCES

When he visited Huron, Conor Wilkinson was surprised by the fact his courses would be run by professors, not teaching assistants. **Little did he know how much this distinct advantage would impact his life.**

During his four years here, Conor enjoyed multiple classes with History Professor – and our Provost & Dean – Dr. Geoff Read.

"The best thing about Huron is professors know and care about who you are – from day one," Conor says. **"They are dedicated to teaching at a level that is rare at bigger institutions and they create uncommon opportunities for you to engage in intellectually stimulating ways."**

When it came to applying to Ivy League post-graduate programs, Conor knew he could lean on his Huron connections.

Throughout all four years, Dr. Read kept a detailed record of Conor's work, so the reference he provided was profoundly personal – speaking to Conor's traits as an individual, not an unfamiliar face in an overcrowded lecture hall. The result? Conor was admitted to Columbia University where he's seen exactly how well Huron prepares its students to succeed in elite collegiate environments.

"We understand our students and take pride in their progress," explains Dr. Read. **"Students receive individualized mentorship from professors who witness the evolution of their students' work - not just in a single class, but from term to term and year to year."**

Imagine what a difference that'll make when you REALLY need an answer FAST.

HURON IS THE ONLY UNIVERSITY

"A successful career doesn't start with a resume, it starts with the relationships you build."

As soon as Jash arrived from Dubai, he connected with our Associate Vice-President, Partnerships whose Career Development team has fundamentally shaped his success.

"Reaching out to people is so important," Jash shares. "Students are often intimidated to say exactly where they want to go, but at Huron, you're strongly encouraged to make yourself visible."

As an international student invested in contributing to his new community, Jash took part in Huron's CityStudio course where he collaboratively tackled real issues affecting the City of London and submitted a report regarding governance strategies to municipal leaders.

With the strong recommendation of our AVP, Partnerships and resume help to better reflect his **paid internship** experience as a Marketing & Communications Intern at Huron, Jash successfully applied to work with the City as a Cultural Connector.

Sagar Jiwani, who was hired by LinkedIn® before he even graduated, agrees with Jash about the importance of relationships – and the ease with which you're able to develop them at Huron.

Prior to becoming a student, Sagar had already benefited from our university's culture of care. To help ease the financial burden of his transition from Calgary, one of our recruiters suggested he apply for our Hellmuth Scholarship. "Because I didn't have any special head starts in life, this support made one of my biggest achievements possible," Sagar explains.

Since then, our faculty and staff have never stopped advocating for Sagar.

"At Huron, you're pushed more and benefit more from professors and administrators who are excited to help you grow beyond the bubble you may be in."

Huron's dedication to fostering student success also landed Sagar an internship with Unilever. Eventually, all this invaluable work experience earned him a job with the world's leading networking platform in Chicago.

RESEARCH

INVESTIGATE TOPICS THAT FASCINATE YOU

One of the most distinguishing features of Huron is our dedication to engaging students in research. The following are just some of the ways you can explore your curiosities:

- Hands-on projects woven into your coursework
- 1:1 research mentorship opportunities with the professor of your choice
- Conducting and presenting investigations through our Centre for Undergraduate Research Learning (CURL)
- Independent or collaborative explorations around the world
- Paid research assistant positions with field experts

During his degree, Jiazheng was fortunate to take several courses with Professor Mahdiyeh Entezarkheir whose prioritization of student research empowered him to share his findings during our CURL conference.

"Huron has a highly collaborative environment, so students get exposed to different ways of thinking," Jiazheng said. "Unlike many other institutions, it's not only about attendance or memorization here, you are constantly given opportunities to share and defend your work."

As a globally-published academic, Dr. Entezarkheir is thankful to work at a university whose nimble size makes it possible to foster students' research capabilities.

"Our students produce something that is so valuable – both in terms of their portfolios and the global scholarly conversation," she says. "CURL shows them what they learn in class is not just for the sake of getting marks."

CURL aims to transform undergraduate education through experiential learning opportunities that support students in research, academia and their future careers.

CURL Fellowships: $1,500 fellowships are awarded each year to support students' independent research projects under the mentorship of a CURL faculty associate.

CURL Travel Bursaries: $500 bursaries are awarded each year to enable students to travel to conferences, workshops and other events that foster research and career development.

CURL Conferences: Two opportunities to showcase your discoveries: The Fall Exhibition and Spring Conference offer on-campus opportunities for students to present their research in multiple formats.

IF YOU WANT TO MAKE YOUR MARK, DON'T JUST PURSUE THE "RIGHT" ANSWERS: REDEFINE THE QUESTIONS.

Both Jiazheng and Dr. Entezarkhier recognize the value of research for successful graduate school applications. For students who eventually want to apply to graduate school, Dr. Entezarkheir explains, "When the selection committee sees a student is already familiar with how to generate tangible research, that is definitely a bonus."

On the other side of the application table, Jiazheng shares, "CURL is exceptional at the undergraduate level, and it will be great for my applications to universities across Canada. More than that, once I begin graduate school, I'll already be ahead of many of my classmates who have not experienced this type of intensive growth experience."

The recipient of a $1,500 Research Fellowship and CURL Fellow, Fernando Naranjo developed a very timely project by analyzing information about the impact of COVID-19 and SARS on supply chains. His research explores damage to world-wide industries caused by these pandemics. Fernando hopes to demonstrate the importance of supply chains for global business, as well as our daily lives, with the aim of informing future studies about mitigating these effects.

SCHOLAR'S ELECTIVES PROGRAM

Scholar's Electives is a highly-regarded program designed to develop your skills as an independent researcher through a curriculum that weaves over and above the courses required for your degree program.

When we asked our current Scholar's Electives students about the program, they raved about the one-on-one faculty mentorship they receive.

NOT TO MENTION, THEY UNANIMOUSLY RESPONDED, "100% WOULD RECOMMEND IT!"

"There are very few other institutions that give you this level of freedom. Your professors work with you like colleagues and you bond with peers who share your investment in academic rigour."

In this tight-knit scholarly community, your learning will differ greatly from traditional lecture-style coursework. Scholar's Electives sets you up to investigate "bizarre, relevant and amazing" questions.

This program allows you the flexibility to conduct self-directed research that reflects your changing interests and current world issues by giving you the opportunity to expand upon the breadth of your knowledge.

WHERE CAN SCHOLAR'S ELECTIVES TAKE YOU? HOW ABOUT...

HARVARD UNIVERSITY

huronatwestern.ca/scholars-electives-program

"My independent research was the most formative experience of my undergraduate degree. Through Scholar's Electives and the Centre for Undergraduate Research and Learning (CURL), I worked with educators from international backgrounds, which shaped my pursuit of graduate studies. This foundation was instrumental for my application to Harvard as it distinguished me from other students."

HURON PREPARES YOU TO EXCEL
WITHIN THE CLASSROOM AND THE COURTROOM

"Teachers know your name here, and they don't hesitate to call on you. It's much more of a conversation between colleagues than a passive listening experience. This style of learning challenges you to become a more agile thinker and eloquent presenter, and that's what really helped me stand out against the competition."

MARIA LEOFANTI | 3RD YEAR STUDENT
Major, Political Science | Markham, Ontario

WHAT DOES IT TAKE TO WIN WESTERN UNIVERSITY'S PRE-LAW MOCK TRIAL COMPETITION TWO YEARS IN A ROW?

"The ability to think on your feet," shares Maria – a Huron student who remains undefeated in the prestigious Pre-Law Society competition. "Right in the middle of your statement, the judge may interrupt you and you have to respond more effectively than anyone else."

Fortunately for her Mock Trial prep, Maria chose to come to Huron where small class sizes mean every student is expected to contribute and take feedback directly from their peers and professors.

Huron students not only have access to all the specialized law classes offered at Western, but they also get to take part in both campuses' extracurricular activities, which contributes to a winning law school application.

In addition to a prize of $600, this competition, which places you in front of Crown attorneys and law students, is an excellent way to demonstrate your enthusiasm and competency for a legal career.

WHEN DECIDING WHERE TO PREPARE FOR YOUR LEGAL CAREER, DON'T FORGET EVERY LAW SCHOOL REQUIRES SUPERIOR LETTERS OF REFERENCE

Do you think attaining them will be easier when you meet one-on-one with your professors on an ongoing basis? Or, do you want to have to ask faculty who don't recognize you as anything other than a face in the crowd?

The former is what you'll get at Huron. Just ask Taylor Harris, an associate at the award-winning global law firm, Hogan Lovells LLP.

In the summer before graduation, Taylor's academic advisor pointed out he was just one credit shy of attaining a double major. Little did he know this advice would significantly improve his chances of getting into **The University of Cambridge's law program**.

"My rapport with Huron's faculty and staff was essential, and my advisor's attentiveness to my development actually changed my life."

Taylor admits working through the LLB program was the hardest thing he's ever done, but Huron prepared him well by enhancing his ability to make effective arguments and flourish in demanding exam settings.

"Huron gave me competence academically and socially," Taylor explains. "Our school teaches you how to coexist with people and, considering the global political and social climate we live in, that is just as important as knowing how to pass an English exam."

- Play Ping-Pong in Apps International House

Oh, and if you don't find a team or club perfectly suited to you, why not start your own? Yeah, we provide the funding and administrative support to help you do that, too.

HELLO FROM HICA!

WHAT IS HICA?

The Huron Indian Cultural Association was founded in 2018 to celebrate, enjoy and share Indian culture with the Huron community. At HICA, our goal is to support Indian students by creating a tight-knit Indian community. We want to create a large family at Huron, which promotes diversity and individuality. HICA strives to educate about and share Indian culture, including traditions, festivities, attire and food amongst students interested in expanding their cultural knowledge. We achieve this by organizing cultural celebrations of Holi and Diwali and fun social events such as Formal Nights and Dinner Parties. HICA is the perfect place to get a taste of our vibrant Indian culture!

WHAT DO YOU THINK MAKES HURON UNIQUE?

Huron focuses on the holistic development of the student. While there is a strong focus on academics, Huron pushes students to grow and learn beyond the classroom. Whether it's the networking events or fun day trips, Huron allows students to build their confidence, become independent and really embrace and respect each other's differences. I believe Huron truly allows you to become a Leader with Heart.

TELL ME ABOUT YOUR BEST MEMORIES OR EXPERIENCE(S) AT HURON SO FAR?

My best memory at Huron would probably be the international Welcome Week! The activities planned were so much fun, specifically the day trip to the beach and the downtown scavenger hunt. It allowed me to really get to know all the other international students so well and create everlasting bonds with them.

WHAT IS YOUR FAVOURITE HICA EVENT AND WHY?

I think 'Sitara'- HICA's formal night would be my favorite. We spent weeks planning the event and we were so excited when we managed to sell over 150 tickets! The night of the event was filled with fun, music and dance, and delicious food. It was a great event that let us share Indian music and dance with the rest of the Huron community in such an enjoyable and inclusive way. I am really looking forward to next year's 'Sitara'!

WHAT IS IT LIKE TO MOVE FROM INDIA TO CANADA AND TRANSITION TO LIFE AT HURON?

The community at Huron makes an immense effort to ensure international students are taken care of and helped with anything we may need. Small things, like Diwali celebrations or the Indian dishes served at the cafeteria, always helped make me feel at home.

ANY WORDS OF ADVICE FOR STUDENTS IN INDIA APPLYING TO UNIVERSITY?

I think students often base their decisions on the brand name or recognition when applying to universities internationally. While this is important, I feel it is extremely important for students to find a university that is a perfect fit for them and look into what the university offers in terms of the overall culture. At the end of the day, it is so important that you are genuinely happy with where you are, and that's why I am so glad I chose to study at Huron, a small university but with the biggest heart.

WHY DID YOU CHOOSE TO COME TO HURON AND WHAT WOULD YOU TELL A HIGH SCHOOL STUDENT WHO MAY BE CONSIDERING COMING TO HURON?

I have always been someone who wants to make a positive impact on society, and therefore, Huron's culture of Leadership with Heart was something that resonated with me. The emphasis on encouraging students to pursue their passion beyond the classroom and doing good in the real world was extremely valuable to me. For students, who are considering coming to Huron, it is one of the best decisions I made! In today's world, more than ever before, there is a need for Leaders with Heart. If you are that someone who has great aspirations and ambitions, Huron is the place for you!

OUR CULTURE OF CARE

WHEN OUR STUDENTS ENCOUNTER CHALLENGES AT AN INDIVIDUAL LEVEL OR WANT TO MAKE LARGE-SCALE CHANGE, THEY NEVER ENCOUNTER RED TAPE.

"I chose Huron for its liberal arts program and small community. If you choose Huron, you can find your place in an enriching and supporting community. From meeting new people, to learning new things, this community has more to offer than you can imagine. I started out as a nervous and shy student who was afraid to say her opinion on any subject matter. But soon I realized that professors always welcome a student's doubts, questions and thoughts. It was also extremely easy to talk to a professor after their lecture or visit them during their office hours."

LIBRARY & LEARNING SERVICES

DID YOU KNOW students who use the library perform better academically and are more likely to complete their degree than those who don't? Everything we do in Library & Learning Services (LLS) is designed to help you thrive, while at Huron and well beyond.

The professional team of academic staff in LLS work directly with faculty and students to continually evolve our service offerings, ensuring personalized, high-quality support unmatched by larger institutions.

"The Huron Library is one of the most supportive and collaborative spaces on campus. The staff are extremely knowledgeable and friendly, and are always there to help you in ways you would not find at any other university. They also have a wide variety of technological supports to integrate multi-media into your assignments - one of my English classes even made a website with support from the Library staff."

NATALIE CROSS '20, English & Cultural Studies

WHAT CAN YOU EXPECT FROM OUR LIBRARY & LEARNING SERVICES (LLS)?

- One-to-one **scholarly support** through course content, language learning, research help, writing services and dedicated support if English is your second language.
- **Versatile learning spaces** including technology-infused collaborative areas and quiet individual study spaces, giving you flexibility to suit your learning style
- **Integrated course learning** focused on critical thinking and knowledge development, co-designed by Huron professors and LLS teaching staff
- **Academic, social and productivity programming** Events such as Long Night Against Procrastination, the #Huron1Read community reading program, weekly Writing Cafés and many other activities put on by our students, faculty and staff for your benefit
- Unrestricted access to the **digital and physical research collections** from one of Canada's largest research libraries at Western University to bolster your global perspective
- **Employment and leadership opportunities** as peer tutors, research assistants and student assistants, giving you hands-on experience working at a university

VOLUNTEERISM IS AN INTEGRAL PART OF LEADING WITH HEART

We are going to strongly encourage you to engage with your communities in ways that benefit the world. Volunteerism feels great. More than that, it diversifies your perspectives and practical skill set. At Huron, you can easily access hundreds of opportunities with non-profits on our campus, through Western, around London or in your hometown.

Alternatively, like Ruth, you may want to extend your positive influence by taking part in an international volunteer experience: Researching and learning about healing from shared trauma in Rwanda.

No matter which travel, research and volunteer experiences you take part in, you can trust all of them will greatly extend your classroom learning, while teaching you what it takes to be a more effective global citizen.

"My Huron degree has given me the tools to create change in ways that honour people's customs, cultures and ability to help themselves. Leadership with Heart is recognizing your position within the community and understanding how your privilege can be put to use in ways that benefit others on a global level. When you can go home and know you've lived your life in such a way – you've been empathetic and supportive – that's what Huron's volunteer experiences are all about."

MAKE YOURSELF AT HOME IN APPS INTERNATIONAL HOUSE

Read, relax, meet and play in our gorgeous, newly renovated Apps International House. Here, you'll have access to a full kitchen, lounge area and games room. Don't miss the many events and celebrations hosted in this house, which was designed specifically to foster our international community.

Apps International House is also where you'll visit Valeeta (who many of our international students refer to as their "second mom"). Whether in her office or via her personal cellphone, Valeeta will be there 24/7 to answer any questions you have about how to make your Huron experience 100 per cent your own.

WELCOME WEEK

Think of this as the ultimate introduction to Canada's BIGGEST Orientation Week

When you arrive in Canada, you will be greeted by your International Student Engagement team. With welcoming signs and smiles, we will pick you up at the airport and bring you back to your new home in the heart of Huron.

To help you get settled, we will take you shopping for your dorm room, assist you with setting up your bank account, getting a SIM card and the necessary documents to help you begin working in Canada. You will never have to worry about all the logistics of moving to a new country on your own - we will do it together.

After all the official stuff is done, prepare for two weeks of excitement and enjoyment! Meet friends from around-the-world, visit Ontario's best destinations and take part in activities that help you break out of your shell, while always prioritizing your personal safety and well-being.

"The transition to Huron was super smooth. From the minute I stepped into Pearson airport in Toronto, I was actually mesmerized by looking at a bunch of a people in these red Huron T-shirts. If you can picture it, all these universities are opening up, but Huron is the only university at the airport with these huge welcome banners, so it was a very unique experience: I felt special and important.

Welcome Week started the next day and the entire week was filled with the most exciting activities like shopping, a beach day, a scavenger hunt downtown, picnics, Huron's Formal Ball and so much more. The upper year students and staff just tied the knot to the whole experience and made it feel like my home away from home."

Huron's educational experiences helped Christianne Morrison distinguish herself for the Royal Bank of Canada Diversity Scholarship and secure a highly coveted position on Toronto's stock exchange trading floor.

As an intern with the global financial institution, Christianne's Huron experiences continued to help her stand out.

"Huron taught me to create solutions to complex problems, and my employer commended my ability to be innovative and entrepreneurial," Christianne explains.

Christianne developed the skill set that helped her secure a permanent position with RBC by taking advantage of Huron's high ratio of opportunities-to-students.

Like Christianne, your university experience can involve any of the following:

- Presenting at our CURL Conferences
- Taking part in a **paid internship**
- Being on Students' Council
- Volunteering with your charity of choice
- Becoming an Orientation Week Leader (Soph)
- Performing with our Dramatic Society

More than just building great portfolios, Huron's character-based curriculum empowers us to graduate great people with the essential skills to suceed.

IN THE PAST 30 YEARS the fastest growing jobs have required a high level of Liberal Arts skills, which nearly 50% of employers say applicants are lacking

"After years of dire warnings about the limited value of their degree, Liberal Arts students are making a surprising discovery: Employers want them (like, really want them). It turns out their skills—including the ability to communicate, solve problems, think critically and collaborate—are in demand for many sectors, including finance and technology."

WHY CHOOSE BETWEEN ENTREPRENEURIALISM AND A SUPERIOR EDUCATION WHEN YOU CAN HAVE BOTH?

When we look at the types of leaders who have redefined the ways we interact with the world, many of them are entrepreneurs who thought they had to choose between innovation and academia.

We refuse to believe it has to be one or the other, so we've created educational ecosystems that nurture the entrepreneurial spirit, while also honouring the educated mind and socially responsible heart.

NEARLY HALF OF GEN Y'ERS WANT TO INVENT SOMETHING THAT WILL CHANGE THE WORLD, SO WHAT'S STOPPING THEM?

BARRIERS TO ACCESS THAT COMPROMISE THEIR OPTIMISM, FINANCES AND PLAN OF ACTION.

To help you realize your entrepreneurial ambitions, while stimulating your intellectual growth, Huron is:

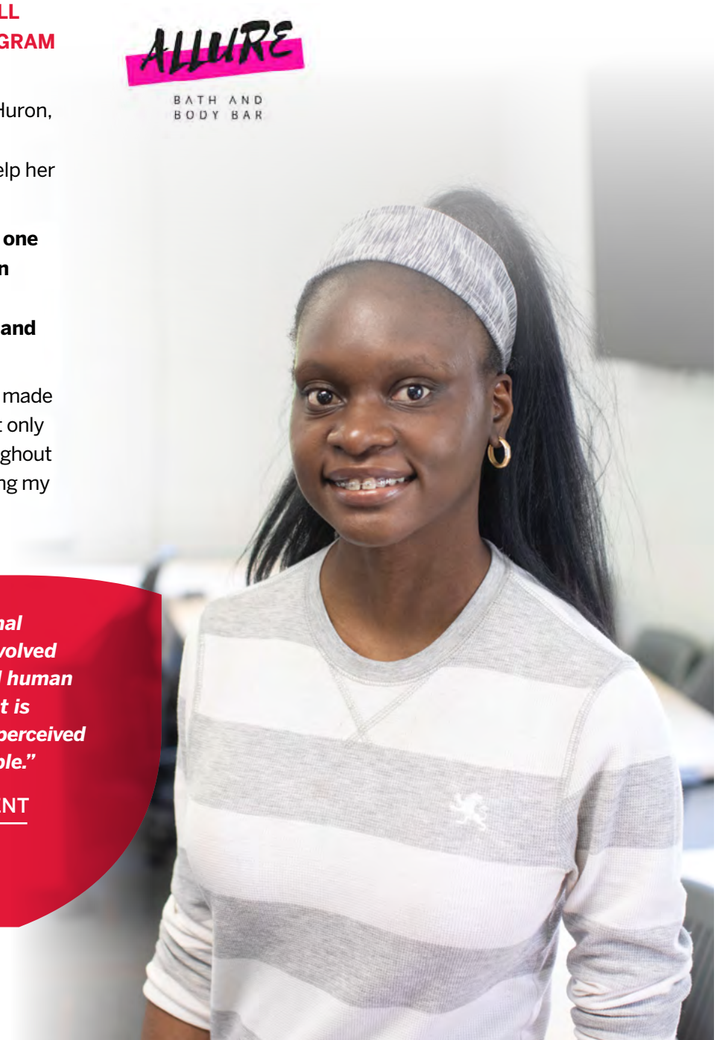
- Increasing access to early-stage startup funding
- Providing comprehensive support to those who want to start a business
- Connecting you with mentors who are excited about facilitating your success

ODESSA IS THE WINNER OF THE LONDON SMALL BUSINESS CENTRE'S SUMMER COMPANY PROGRAM AND CEO OF ALLURE BATH & BODY BAR

Shortly after making her transition from Guyana to Huron, our Career Development team learned of Odessa's entrepreneurial goals and launched into action to help her pursue them.

Out of 100 students, Odessa was chosen as only one of 16 successful applicants to receive recognition from the program, which included resources to maximize her company's financial sustainability and market reception.

"My personal career coach at Huron was the one who made me aware of this opportunity," Odessa said. "She not only supported me emotionally, but also checked in throughout the process and was there for me – either by reviewing my business plan or celebrating my successes."



"Our university offers a wide variety of professional development and networking activities to get involved in, and there are more than enough financial and human resources to go around. This type of environment is exactly what entrepreneurs need to push beyond perceived boundaries and recognize their idea really is viable."

BECOMING A GLOBALLY-RECOGNIZED ENTREPRENEUR DOESN'T HAVE TO BE COMPLICATED: LEARN HOW HURON SIMPLIFIES YOUR ROAD TO SUCCESS

Wealthsimple "the world's most human financial company" was named one of the FinTech 100

When you look at the professional journey of Dave Nugent, you see how Huron is uniquely positioned to foster entrepreneurial ingenuity and collaborations.

After graduation, Dave pursued a career in investment banking, but realized that wasn't where his passions truly lay. When his Huron classmate, Mike Katchen, reached out with an idea for a not-yet-named company, Nugent jumped at the opportunity to help get the idea off the ground.

"The Huron connection is what brought us together," shares the former HUCSC President. "When Mike talked about his idea, I wondered, 'Why hadn't someone done this before?'"

Dave admits people were shocked by his leap from a secure career into the unknown, but Wealthsimple's success speaks to the importance of believing in yourself, leveraging connections and taking risks – something a Huron degree readies you for.

"The Liberal Arts teach you **how** to think and problem solve. So, wherever you go in life, it prepares you well for different avenues."

OUR EDUCATION MODEL FOSTERS INDIVIDUALITY

You're not like anyone else. Your goals, personality and learning styles are unique, so why would you choose a university where you may not get the chance to nurture and showcase your gifts? At Huron, you will have access to the people and resources you need to tailor your living and learning experiences to align with what success means to you.

YOU ARE A PRIORITY IN OUR COMMUNITY

You have the talent to do great things and you shouldn't have to do them alone. Huron is home to countless people who genuinely care about you and where you want to go — including your fellow students! Like the leaders who helped us reach our goals, we are going to show you how much we believe in your potential by connecting you with the supports you need to feel energized about reshaping the world.

YOUR VOICE WILL ALWAYS HAVE VALUE

I am thankful to work at a university where I can form meaningful relationships with my students. Huron's strategically small class sizes mean you will be heard, so be prepared to be challenged by classmates who truly care about what they're studying. Don't be intimidated! I will be here to help you share your story in ways that promote academic success and, more importantly, your ability to lead the change our world needs.

AT HURON, EVERYONE ON CAMPUS PARTICIPATES IN MOVE-IN DAY - EVEN OUR PRESIDENT! ON THIS MOMENTOUS DAY, YOU'LL MEET YOUR DON, AN UPPER-YEAR STUDENT, WHO WILL PROVIDE YOU WITH ONE-ON-ONE GUIDANCE AND SUPPORT ALL YEAR.

Living in residence puts you at the centre of all the action. Out of all the places available for students to live, Huron's residences are the closest to the University Community Centre (UCC) in the heart of Western's campus.

The people who will care for you while you live at Huron are called your Student Life Team. Day or night, they will connect you with the advice and resources you need to make the most out of your living and learning experiences.

Hellmuth Residence Student Lounge

HURON STUDENTS LIVE LARGE

Instead of packing thousands of students into high-rise buildings, we have five residences — as many as most large universities — but with a much smaller population to each house.

Better still, ALL of our residence rooms are spacious single rooms — which is unheard of at those larger institutions.

When you live in our residences, you always have the opportunity to be involved in events specially designed **for you.**

You can also take advantage of our lounges. Whether you want to watch a movie, play Ping-Pong or match off with your friends via our video game consoles, our shared student spaces are the perfect places to extend the fun of living in residence.

IT'S EASY

TO MEET PEOPLE WHEN THEY LIVE RIGHT NEXT DOOR.

Connect with your peers, while developing your fundamental life skills. There are residence programs and group study sessions to build upon your ability to maintain an ideal school/life balance, healthy relationships, budgeting, nutrition, time management, stress-busting and more.

THE PEOPLE WHO COME TO HURON HAVE GREAT TASTE

Enjoy FOOD FREEDOM at Huron.
Our "All You Care to Eat" plan means you have full access to the Dining Hall, seven days a week, as many times a day as you need, for as much food as you want!

Huron's Dining Hall is one of the best places to see a familiar face - or 20. From our dining staff, who will know you by name (and your favourite order) through to your professors and soon-to-be friends, this centrally-located campus hub is where you'll spend lots of time - without spending all your savings on food.

ALL YOU WANT & NOTHING YOU DON'T

If you have special dietary concerns, food allergies or sensitivities, our Director of Food Services will meet with you personally to come up with a plan to meet your needs - be they allergies, cultural restrictions, personal or ethical preferences - or anything in between.

"For me, the All You Care to Eat model was great because it allowed me to eat whatever meals and snacks I thought were the best for me, not what I felt I could afford. Not having to worry about running out of money made it much easier to enjoy my experience in the cafeteria and take advantage of the wide variety of food offered there."

2 APPLY ONLINE

APPLICATIONS OPEN OCTOBER 1

Go to the Ontario Universities' Application Centre (OUAC) website at ouac.on.ca.

Huron is located within Western University on the website. Although program interest can be added to your applications, Huron admits students to a general first year. You only need to apply to a program once. Huron OUAC codes are: EHD = Management and Organizational Studies programs; EHO = Social Science programs; EHA = Arts programs.

ACTIVATE YOUR HURON APPLICATION PORTAL ACCOUNT

When you submit your application to Huron via OUAC, you will receive an email with instructions on how to access the Huron Application Portal. You must create this account in order to upload your required documents and complete your application.

3 STAY CONNECTED

SEND TRANSCRIPTS AND REQUIRED DOCUMENTS

All students who are not currently attending an Ontario Secondary School must upload transcripts to their Huron Application Portal. After you have activated your Huron Application Portal Account, review your checklist of required documents to complete your application.

APPLY FOR SCHOLARSHIPS

Go to **page 48** of this viewbook to see the variety of scholarships we offer and learn how to apply.

UPDATE MARKS

If you have not been offered admission, you will have the opportunity to submit new grade information for a reevaluation.

DON'T BE SHY - WE SURE AREN'T!

We LOVE to hear from our incoming students. Whether you're seriously curious about courses or have the smallest question about snack options on campus, we're here to support you - **every step of the way.**

4 ACCEPT YOUR OFFER

SECURE YOUR PLACE AT HURON

If you receive an admission offer, you'll need to accept your offer by the deadline stated in your Offer of Admission letter.

Watch your email for your admission offer and for instructions on how to accept it.

BUILD A DRAFT SCHEDULE

In May, you'll receive information on how to register for courses, and everything you will need to know to prepare for September.

ATTEND A SOAR SESSION

Throughout June & July, Huron hosts virtual Summer Orientation & Academic Registration (SOAR) sessions where your personal Academic Advisor will ensure you've completed the course selection process correctly, provide advice on your program and help you with anything you need before the academic year begins. Once registration is open, you'll be notified by email.

5 GET READY TO COME TO CANADA

You will need to hold a valid Study Permit in order to study in Canada. Since application processing time can take two months or more, we highly recommend you apply for your Study Permit as soon as you accept your Offer of Admission. For more information on the Study Permit application process visit the Government of Canada website at **www.cic.gc.ca**

OTHER TO-DOS

APPLY FOR RESIDENCE

Once you've accepted your offer, you will then be eligible to submit your residence application. Huron is committed to providing housing to any first-year students who request it. If you would like to live on campus, please complete your application as soon as possible.

DOCUMENTS IN A LANGUAGE OTHER THAN ENGLISH

If your documents are in a language other than English, they must be translated by a certified translator before being submitted.

Don't worry! Upper Years, like Amy Smith, will let you in on our secret H cheer when you get here!

SAFE. AFFORDABLE. ENERGETIC. INCLUSIVE.

OUR CITY HAS *heart*

WHERE YOU CHOOSE TO GO TO UNIVERSITY IS INFLUENCED BY MORE THAN JUST WHAT'S AVAILABLE ON CAMPUS.

London has a big city vibe — with the affordability and close-knit feel you won't find in Toronto. While we're right next door, it can be much easier to adjust to living in a student-focused city. All London's event and entertainment options are built specifically to accommodate our young people, so it's hard to get bored here - or feel lost like you might in a larger city.

Our city is home to more than 400,000 people, including over 50,000 university-aged students.

With one in five citizens being born outside of Canada, London is wonderfully diverse and welcoming.

Rather than competing with a million people for the position of your dreams, you will get to take advantage of Huron's connections with London's top-rated employers to secure paid internships and prestigious careers.

Our location makes it easy to take day trips to tourist centres such as Toronto, Niagara Falls and Stratford. Throughout the year, Huron students have LOTS of chances to take guided trips to Canada's major attractions!

MAKE YOUR HOME IN CANADA'S LONDON

LONDON IS PASSIONATE ABOUT BEING GREEN AND OUR CITY IS THE PERFECT PLACE FOR PEOPLE WHO LOVE BOTH URBAN CITY LIFE AND THE GREAT OUTDOORS.

With more than four million trees, 40 gorgeous parks and 100 kilometres of hiking trails, London offers a year-round outdoor playground for the adventurous-at-heart.

HURON GETS CREATIVE WITH RECREATION

Enjoy the gorgeous forest and river in Huron's backyard as well as parks and sports fields within walking distance from campus.

Explore everything London has to offer with your city bus pass, which is FREE for all students!

50% **MORE AFFORDABLE RENTAL OPTIONS THAN IN TORONTO**

LONDON ATTRACTIONS

- From neat gastro pubs to street performances, festivals and the city's best-loved bars, **Richmond Row** in downtown London is THE place to go. It's only a quick bus or cab ride from your home at Huron.
- Visit the **Covent Garden Market** for international foods and flavours, artisanal goods and delicious coffee. Once you're fuelled up, make the short walk over to Museum London or Labatt Park.
- London's **Old East** region is home to the Western Fair market, gourmet restaurants and micro-breweries. Not to mention distinctive event venues, theatrical performances and high-energy activities.
- If you want to go shopping, check out **Masonville Place** or **White Oaks Mall**. At these major shopping centres, you'll find all the brands you love.
- **Wortley Village** is in the heart of Old South. Our students visit Wortley to eat in and explore one of Canada's coolest neighbourhoods. Known for being dog- and people-friendly, it's easily accessible by public transit and a great spot to meet friends for coffee or spectacular tasting experiences.
- **Budweiser Gardens** is our centrally located 10,000-seat entertainment centre where we welcome world-renowned artists and host exciting community events and concerts.

WHEN A GLOBAL CRISIS DEMANDED ACTION, OUR LEADERS WITH HEART RESPONDED WITH COMPASSION

In the spring of 2020, COVID-19 required a unique response from every person affected. While each of our individual situations differed, we shared the civic responsibility to protect one another.

Unsurprisingly, our student leaders did not hesitate to support our most vulnerable populations by contributing $10,000 towards Huron's Student Relief Fund.

In keeping with their dedication to lead by example, our President, Dr. Barry Craig, and his wife, Huron Professor, Dr. Sara MacDonald, also donated $100,000 to increase the fund's reach.

Together, we helped hundreds of students get home safely and alleviated the financial, mental and emotional repercussions of an unforeseen global event.

WHAT'S MORE HURON THAN THAT?

"When news of COVID-19 began to spread across the world, our community refused to cower under the weight of ominous headlines. Instead, Huron's students, faculty and staff banded together, demonstrating patience, selflessness and resolve. We emerged as an even stronger institution that continues to take seriously the lesson of mutual dependence required to support the greater good."

DR. BARRY CRAIG
President, Huron

WHEN YOU OPERATE FROM AN UNSHAKEABLE ETHICAL FOUNDATION, THERE'S NO CHOOSING CONVENIENCE OVER THE COMMON GOOD

FROM REVOLUTIONIZING YOUR CUP OF COFFEE TO CLEANING UP CORPORATE POLICIES, OUR LEADERS DON'T CONSIDER IT A SUCCESS UNLESS IT'S SUSTAINABLE.

In 2019, Natalie began running Cafézia Coffee, a business that sells Organic Fairtrade coffee infused with herbs to add numerous health benefits. From its zero waste program through to the ways Natalie supports retailers to align with her environmentally-forward practices, Cafézia goes far beyond the marketing trend of "green-washing."

Natalie acknowledges part of running a for-profit company means making money. But, she refuses to believe her success has to come at the cost of her morals. While Natalie's conscientious practices are more logistically challenging to implement, "It makes me feel good we are actually living our values and implementing the practices to back up our claims – we're the real deal when it comes to sustainability," Natalie states.

"I absolutely loved Huron. One of the most distinguishing aspects of our university is its emphasis on doing the right thing. At Huron, you are surrounded by like-minded individuals who are just as cognizant as you are about balancing success with their moral foundations, so it constantly makes you want to take the initiative to do the good the world demands. Even when you leave the school, you never forget that obligation."

GLOBAL CHALLENGES ARE NOTHING NEW

NEITHER IS OUR STUDENTS' DEDICATION TO SERVING THE BEST INTERESTS OF THOSE AROUND THEM

Some crises are quieter than others, but that does not mean they are any less deserving of our attention.

Unfortunately, universal access to quality education is not yet a reality. Luckily, however, there are people who understand where you come from should not dictate where you end up – and many of those types of people are part of our community. That's why, Huron has been a proud sponsor of World University Services of Canada's Student (WUSC) Refugee Program for more than 20 years.

While we've always tried to do our part, in 2018, our students decided we could do even more. They voted on a Student Referendum, which increased their fees to generate an additional $5,000 annually towards our student refugee program – making Huron BY FAR the greatest per capita contributor in all of Canada.

"I was exceptionally proud students overwhelmingly voted for it. Normally, referendums are for decreasing student fees or to bolster social events. I think what Huron's response really shows is we understand, when it comes to student politics, there are some things that are more meaningful to our student experience than just what the next bar night is going to be."

OUR STUDENTS & ALUMNI PRIORITIZE PEOPLE & OUR PLANET OVER PROFIT

Rohan Jain is an entrepreneurial activist who is enhancing the world's approach to balancing environmental concerns with economic benefit. He runs *The Green Climate Post*, which is an evidence-based environmental news and advocacy platform. What began as a personal initiative quickly blossomed into something much more.

In his second year at Huron, Rohan began working with a Toronto law firm to further progress plastic legislation. Empowered by his research regarding the shortcomings of current environmental policies, Rohan championed a new way forward to protect Canada's ecosystems.

Before he knew it, Rohan was meeting with Members of Parliament to discuss his ideas. The culmination of these meetings was a sit down with Canadian Prime Minister, Justin Trudeau, which Rohan calls, "absolutely surreal."

Not long after, the Federal Government announced a plan to ban single use plastics, and Rohan shares, "I realized all my hard work wasn't for nothing."

NO ONE CAN PREDICT THE FUTURE, BUT OUR UNIVERSITY WILL PREPARE YOU FOR IT. WITH OUR PERSONALIZED APPROACH TO EDUCATION, PROFESSIONAL DEVELOPMENT RESOURCES AND PRIORITIZATION OF YOUR WELL-BEING, WE WILL EMPOWER YOU TO ANSWER THE CALL TO LEAD.

"I have not questioned my decision to come to Huron once. I absolutely love it. The amazing community established here is very rare – from people's willingness to help you with absolutely anything through to your professors' enthusiasm for providing one-on-one mentorship and research opportunities. I finally feel engaged in learning in ways that satisfy my curiosity and empower me to learn things that actually matter."
